

STATE WIDE IMMIGRATION MOVEMENT ON

Interested Parties From All Parts
of Sheyenne Valley to Meet
Tomorrow

Valley City, N. D., Aug. 8.—The Dakota's most important immigration movement will be launched here tomorrow, when the Sheyenne valley, including Griggs, Steele, Barnes, and Sargent counties, will meet for the purpose of organizing a definite campaign for the bringing in of settlers. Charles C. Connolly, who has made the largest Italian immigration association at Devils Lake a success, is at the head of the movement, and several hundred influential farmers are expected to attend the meeting to be held in the grainy building at 1:30 p. m.

Open Road and Means of Locomotion Irresistible Urge for
Coler to Travel

Fred S. O'Cor is not a bad boy, but when he gets started he doesn't know when to stop. He has a mania for traveling. At the age of 17 he mounted his father's best riding horse at Harvey and kept going until he was

stopped and sent to the reform school. Fabricated from that institution two years ago, he came to Bismarck, where he was a fairly well-behaved young man until a few weeks ago, when he found himself behind the steering wheel of a driver which he had rented from Harry Clowen, a local livery man, for a two hours' drive. Again he couldn't stop until the officers picked up him and the badly damaged car at his former home at Harvey, ten days later.

PERSHING GRIM AS HE DISCUSSES WAR PLANS WITH JOFFRE

When the Sammies take over their sector on the French front they will profit by the experience of France and Britain. There is scarcely a day that Gen. Pershing is not in conference with French or British officers getting "inside" pointers on how the greatest fight in the world is being carried on. The determination of Pershing that American troops shall not be found waiting at the front is shown in the set of his jaw as he listens to Field Marshal Joffre's description of needs on the western front. Note, too, the way their hands are clasped.

MAKES FAST RUN.

Eighty miles in 2 hours and 37 minutes is what a Dodge did last week to win for its driver a \$500 bet from the proud possessor of one of Brother Ford's jitneys. C. E. Palmer, driving a Dodge, ran from Morris town, S. D., to Fort Yates, Sioux county, a distance of 80 miles, in 2 hours and 37 minutes, beating E. R. Ginter in his Ford by just 2 minutes. That's two narrow margins on which to lose half a thousand with very considerable grace. So the race will be run over again, on the grounds that Ginter turned turtle and broke a rib, while Palmer stopped and hired a pilot.

Mrs. Henry Reek, formerly of this city, but who is now living in Helena, was in Mandan over Saturday and Sunday, visiting with relatives and friends.

W. E. Richer has accepted a position as salesman in the Boston Cash store. Mr. Richer assumed his new duties Saturday, after spending many years as a traveling grocery salesman out of Mandan.

Edgar Newgaard assumed duties as stenographer for States Attorney L. H. Connolly on Monday morning, substituting for Miss Genevieve Glass, who is enjoying a two weeks' vacation with relatives and friends in Decorah, Ia.

Miss Eulalia Criswell, who had been visiting at the home of Mrs. E. G. Ufer in Lambert, Mont., for a few days, also visited with friends in Dickinson on Saturday and Sunday, while en route home.

Miss Gertrude Estrop returned home Friday from Lambert, Mont., where she had been spending a few days visiting with her sister, Mrs. E. G. Ufer. Miss Estrop will leave Wednesday for Minneapolis to resume her duties as a nurse at the Northwestern hospital.

Leo Aughey returned home Sunday night on No. 1 from a few days' trip to Chicago.

Roy E. Bow of the postoffice force returned home Saturday from Chicago and the twin cities, where he had been visiting with friends and enjoying a few days' vacation from his duties. Roy will resume his post the first of the week.

Miss Elsie Stark, who is now engaged by the North Dakota Agricultural college in conservation work, lecturing on the canning of fruit and giving general domestic science talks for the extension department of the college, was in Mandan on Sunday and Monday, visiting with her mother, Mrs. Anna Stark. Miss Stark has been giving demonstrations and lectures at various points on the Soo Line the past week.

Albert Hanson, carpenter, employed by the Melnick Building company, who is now engaged at New Salem, working on the new, blank garage building, was in Mandan Saturday and Sunday, visiting with relatives and friends.

Miss Marie Heid of New asphalt, Pa., arrived in the city Sunday afternoon and is spending a few weeks as a guest of Mr. and Mrs. James Mettillie.

Dr. Ira Nichols left Saturday evening on No. 2, for a few days' vacation trip to the twin cities, (Columb., Ill., and Chicago).

Jens Johnson of the Albrecht-Johnson Lumber company of Platteville, was in Mandan on Saturday, attending to business matters.

Lieutenant Vincent McFarlie has returned to Bismarck, after having been a few days in Mandan on a tour, visiting with his parents, Mr. and Mrs. James McFarlie.

Agent H. G. Taylor went to Glendive, Mont., on Tuesday morning, to look after official business matters. He returned home Wednesday morning.

C. Shearer of Flasher was in Mandan, attending to business affairs the latter part of last week.

Mrs. Samuel Winford returned home Monday afternoon from Hull, where she had been visiting with relatives and friends for a few days.

E. P. Hart, formerly of Mandan

and now of Glendive, Mont., was in Mandan on Monday, to look after business in connection with his office as claim agent for the Yellowstone division.

Headmaster C. E. Nelson went to Dickinson on Monday, to attend to official business. He returned home Tuesday afternoon on No. 8.

The Record in Bismarck is a Unique One.

If the reader has a "bad back" or any kidney trouble and is looking for an effective kidney medicine, better depend on the remedy endorsed by people who have given great satisfaction in such cases. Bismarck citizens testify to this. Here is a case of it:

Geo. G. Newman, Ninth St. and Broadway, Bismarck, says: "I was subject to attacks of lumbago. My back was often so lame, stiff and painful that I couldn't turn in bed. I had dizzy spells, headache and too frequent passages of the kidney secretions. The kidney secretions were highly colored and contained a sticky, pasty sediment. After using three boxes of Doan's Kidney Pills all signs of kidney trouble had disappeared."

More than two years later, Mr. Newman said: "I still think well of Doan's Kidney Pills and am glad to confirm my former endorsement."

Rattles
That Warn
Of Lurking
Danger

The rattle of your loose wheels is just as much a warning of danger as the rattle of the snake. The accident your wheels may cause is just as likely to be fatal as the strike of the reptile.

SPOKITE
Swells Wood

Tightens and Silences Loose, Rattly Wheels

Heed the warning now! Apply Spokite at once and not only stop the rattle but prevent the possibility of collapsing wheels. A few drops squirted into the cracks caused by shrinkage of the wood will swell your wheels tight as new—and keep them tight.

Cheaper, Better, Quicker Than Old Way

The old, or mechanical, way does not prevent further shrinkage or swelling. The Spokite way does. The old way costs about \$2.50 per wheel. Spokite tightens 4 wheels for \$1.00. The old way keeps your vehicle idle half a day or more. Spokite tightens 4 wheels in an hour—and without the trouble of removing them. Thousands of wheels have been tightened the Spokite way and not a single case of failure has yet been found.

Don't Risk Your Life Any Longer

Every time you go out with loose wheels you take your life in your hands. A sharp turn, a curb jolt, a sudden bump and—bang! Your wheels collapse, and perhaps in the most dangerous place.

APPOINTMENTS OF MICHAELIS STIR CRITICS

German Socialists Oppose New Government Because Catholics Are Recognized

SEE SETBACK FOR CAUSE OF DEMOCRATIC GOVERNMENT

New Premier Is Hailed As Fit Successor for the Iron Chancellor

Copenhagen, Aug. 8.—German socialists will oppose the newly constituted government at Berlin on general principles, the socialist newspaper Vorwaerts declares in its comment on the ministerial appointments.

"Persons so foolish as to expect a great gain in the direction of parliamentary regime," says the Catholic newspaper, Germania, "will naturally be disappointed," but expresses the opinion that the presence of Catholic representatives in the government greatly improves the system.

It appears that Dr. Spahn, the leader of the Catholic center party in the reichstag will be forced to retire from parliamentary life on account of his appointment as Prussian minister of justice. He must resign his seat, owing to the constitutional provision upon accepting the portfolio. He may stand for reelection, however. The democratic movement in Germany, which reformers were sure was getting a splendid start, now seems to be splitting. The liberal and radical newspapers in Germany, generally, interpret the selection by Dr. Michaelis, the chancellor, of his colleagues as a distinct rejection of the principle of the parliamentarism or parliamentary administration.

Speaks of "Power Peace."
The Vorwaerts declares that the present government must be the last of its kind, and must be supplemented by a government of the people. Dr. Michaelis also is getting further away from the reichstag peace resolution even as he interprets it. The phrase in his speech Saturday on the necessity of another "power peace" was printed in black-faced type.

Reports to the Associated Press from Germany say that Dr. Michaelis now has been hailed by the advocates of greater Germany as a new Bismarck. An enthusiastic orator from a delegation from an independent committee for German peace, which saw Dr. Michaelis off at the Dresden railway station made a wildly applauded speech, greeting him as a worthy successor of the old blood and iron chancellor. Dr. Michaelis, according to a published reply of the speech was modestly silent regarding it.

August Worms, leader of the Flemish government in Belgium, said in an interview in a Berlin paper, the aim of the movement was the re-establishing in Belgium of a dual monarchy of Flanders and Wallonia, under King Albert. Herr Worms took Austria-Hungary as an example of the movement for free Flanders and free Belgium.

Philipp Scheidemann, socialist member of the German reichstag, in a speech at Mannheim Baden before 6,000 persons, demanded in the interests of peace the speedy substitution for the present government of Chancellor Michaelis, a government really representing the will of the German people.

Root in Washington To Present Report

Washington, D. C., Aug. 8.—The American mission to Russia, headed by Elihu Root, returned today to Washington to report to President

Wilson on the results of its three months' trip.

Mr. Root will see President Wilson and Secretary Lansing this afternoon. The mission returned filled with optimism over conditions in the new republic, and chances of Russia doing her part to end the war.

Assurances that the United States will remain in the war to the end and improve railroad facilities were declared by members of the commission to be among the outstanding needs of Russia.

"The situation is very hopeful," Mr. Root said. "America's entrance into the war may have a good effect. The morale of the Russian people is good and the outlook is encouraging."

BROTHERS PLEAD GUILTY; MAY GET FIVE YEARS IN PRISON FOR DEGENERACY

Joseph and Hugh Burts Admit

Living Off of Prostitution of Relatives

Joseph and Hugh Burts pleaded guilty in district court Tuesday evening to inducing the former's wife and the wife of a third brother, who is serving sentence in the Minnesota prison at Stillwater, to come here from Minnesota to enter a life of prostitution and of subsisting upon the women's earnings. Judge W. L. Nusselt announced that he will pass sentence Friday morning. Five years in the state penitentiary is the maximum penalty. All of the parties concerned are in their early twenties.

CENTRAL DIVISION MOST SUCCESSFUL IN TRAINING OFFICERS

Number of Applicants From This District Greater Than From Any Other

The North Dakota division of the Military Training Camps association, having successfully recruited candidates for two officers' training camps and Fort Snelling, now is asked to recruit for the field service of the American ambulance in France and the aviation corps, which is in urgent need of 100,000 men. Results in the central department are said to exceed those of the East, Northeast, Southeast and Southern departments, with the western department yet to be heard from. The branch chairman in the central department procured applications from more than 5 1/2 times the quota, and the average far exceeded any single state outside of this department. The central department camps have been visited by a committee from military training camps headquarters at Chicago and have been found to be exceptionally satisfactory.

We started harvesting yesterday, and our wheat's going to run eight to 10 bushels all over, and in spots a good deal higher. That means something this year."

Optimistic crop talk, neighborhood gossip, everything but war were subjects of conversation. The boys were more interested in getting through and having dinner than in any ethical questions relating to the rights or wrongs of selective service.

SECOND REGIMENT BAND AT PENITENTIARY FEED

Co. I, Bismarck's second company of infantry, assigned to the Second regiment, was mustered in today, supplied with brand new uniforms, and is ready for the fray. Out of 149 men reporting for muster but 10 were found physically disqualified, while one was rejected as under age. While Bismarck has credit as the home station of this company it has been recruited from all parts of the Slope, Mandan and Tappan leading in enlistments among the towns outside of Bismarck, and Sioux county having furnished a fair quota of descendants of followers of Sitting Bull.

Federal army officers who assisted with the muster, which was made by Capt. C. N. Barker of Co. K, Dickinson, First regiment, are liberal with their praise for Co. I, its officers and the enlisted personnel. All of the boys feel considerably better, their equipment, so far as uniforms and clothing generally having arrived today. All that they now lack is ordnance—arms, ammunition and mess kits—and cots and blankets. The last named lack Bismarck is seeking to make up temporarily.

The Officers.
Co. I is officered almost entirely by old national guardsmen. Captain A. B. Welch was for years commander of Co. A in the First, and his lieutenant

The three commissioned officers have been accepted with the company under section 74 of the national defense act.

Band Is Uniformed.
Equipment also came today for the Second regiment headquarters company and regimental band, under the command of Capt. H. T. Murphy, and other units of the Second over the state will receive their supplies today or tomorrow.

The Second regiment band will make its debut in full uniform this evening when it goes to the penitentiary at 6 o'clock for dinner with Warden F. S. Talcott, to be followed by a concert for the benefit of the prisoners.

The band started the day right early this morning by serenading registrants who had arrived in the city for examination by the local exemption board.

CHAMPS MAKE IT THREE STRAIGHT FROM NEUROTICS

State Centrites Have No Chance With Bismarckers in Closing Contest

Jamestown, N. D., Aug. 8.—Getting the jump in the first inning by scoring three runs, the Bismarck nine made it three straight from New Rockford by winning the final game of the three-game series 4 to 2. At no time was the Bismarck champs in real danger, although New Rockford had several opportunities to come to the fore and possibly win the last match. Bryant heaved a pretty game for the Bismarck team, registering many strike-outs. His control was perfect at all times. Waswo started on the mound for New Rockford, but was replaced in the fifth inning by Brautigan, who finished up.

Only seven frames were played to allow the Bismarck team to catch a train.

The score by innings:
New Rockford 1 0 0 0 0 0 0
Bismarck 3 0 1 0 0 0 4

ARMED BANDS FORM TO RESIST DRAFT

Muskogee, Okla., Aug. 8.—Armed bands of draft resisters are reported forming in Payne county, 50 miles northwest of the district previously infested, in message received at the United States marshal's office this afternoon. Deputy marshals were dispatched to Payne county to investigate. Homer Slocum, a years old one of the three men held responsible by federal authorities for the organization of the uprisings in Oklahoma against the selective draft, was placed

under arrest today. Spence, a working class union organizer, was out at the time on \$5,000 bail under indictment by the federal grand jury to obstruct operation of the conscription act.

MAY SPEND \$76,000 ON FEDERAL HIGHWAYS DURING THE SUMMER

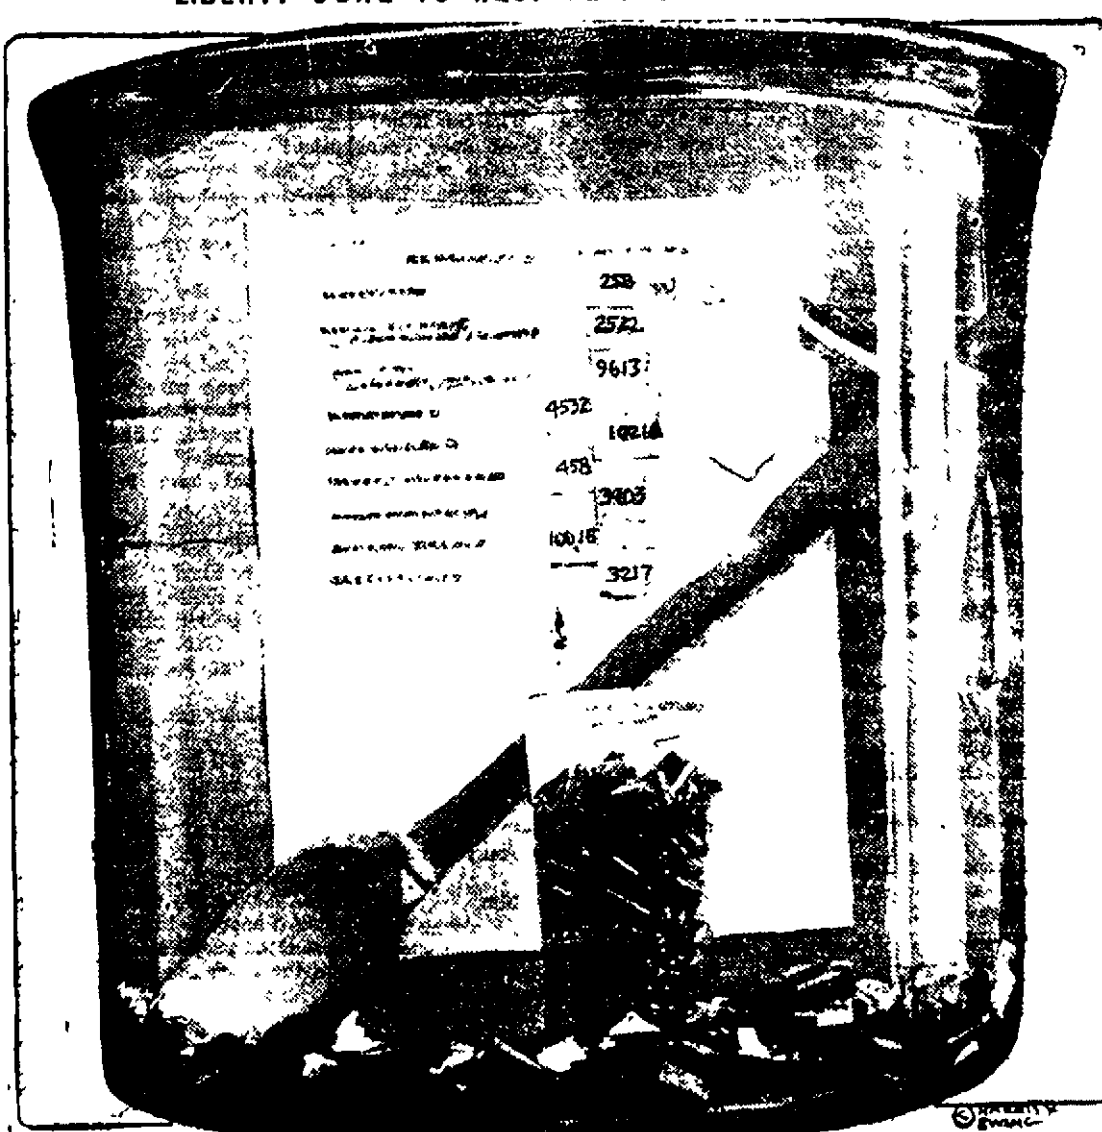

State Engineer Bliss Reports That Inspection Has Been Completed in Five Counties

Comparatively little work can be done on state and federal highway projects this year, advises State Engineer Bliss, because of the late date at which the highway commission was enabled to organize, and for the further reason that both state and federal highway departments have been somewhat handicapped by the enlistment of their engineers. He predicted today that not more than \$76,000, the amount of federal highway aid available for highway work in this state last year, can be expended on projects reached this year. This will leave the state's allotment for this year, about \$125,000 available, together with the 1918 appropriation, available July 1 next year, for a genuine campaign of highway building next season.

T. J. Lough, field engineer for the state highway commission, has returned from a tour of inspection through the eastern part of the state, where a number of counties have applied for state and federal aid, and where preliminary estimates have been made. To date, 28 counties have applied for federal aid, and federal inspection has been applied for by the state highway commission in five counties.

Our Comprehension.

SOCIETY

W. C. T. U. Elects District Officers

Mrs. L. E. Heaton of McKenzie was elected president of the Eleventh district of the W. C. T. U., at its annual meeting, Tuesday afternoon and evening, in the McCabe Methodist Episcopal church. The other officers are: Vice president, Mrs. N. C. MacDonald, Bismarck, recording secretary, Mrs. L. Mobley, Bismarck, corresponding secretary, Mrs. C. B. Rogers, McKenzie, and treasurer, Mrs. S. E. Norton, McKenzie.

Governor Lynn J. Frazier and Attorney General William Langer addressed the meeting during the evening session. Rev. G. B. Newcomb presided. Miss Geraldine Penwarden entertained by reading two of Foley's poems.

A feature of the meeting was the presence of Mr. and Mrs. Fargo of Fredonia, N. Y., who are members of the old brick Baptist church of that city, in which the first meeting of the W. C. T. U. was held after its organization. Mr. and Mrs. Fargo are guests of the latter's sister, Mrs. Myra Morgan of Second street.

Dinner Guests.

Mrs. A. L. Costello of the Rose apartments entertained at dinner last evening Mr. and Mrs. D. D. Mars of Dickinson. Mr. Mars is cashier of the Dakota National bank of that city.

At Detroit Lake.

Mr. and Mrs. Henry Tatley, daughter, Miss Clara, of the Annex hotel, and their guests, Miss Zelda Hanson and Freda Sidell of Illinois, who are spending the week at Detroit Lake, are staying at the Pettibone lodge. They will later motor to the twin cities before returning home.

Leaves on Motor Trip.

Mr. and Mrs. A. S. Hoffman, daughter, Gertrude, and son, Charles, of Avenue C left Tuesday on a motor trip to Iowa. They will visit in Fayette and other points. Miss Genevieve Hoffman, another daughter, and Miss Mary Reed left last night for Chicago to spend their vacations. Miss Reed will also visit relatives near that city.

Leaves on Eastern Trip.

The Misses Alfhild and Sigrid Alfson of Seventh street left last evening for an extended eastern trip. While there they will visit at their old home in Kane, Pa., Chautauque Lake and Niagara Falls, N. Y. The Misses Alfson are daughters of Rev. and Mrs. E. F. Alfson of the Swedish Lutheran parsonage.

Red Cross Notes.

The Fortnightly club met this afternoon in the Red Cross headquarters in the high school building and spent the afternoon sewing. The club members were well represented.

The Presbyterian Ladies Aid society and the St. George's Guild of St. George's Episcopal church will sew Thursday afternoon and the Degree of Honor Friday.

The Wicaka Camp Fire girls will meet Thursday evening with Miss Nabel Riegler, to sew on Red Cross articles.

Guests to Depart.

The Misses Grace Lomline Jones, Mary Kourke of Lisbon and Dorothy Landt of Northwood, who have been guests at the house party given by Miss Esther Talcott at the home of her parents, Mr. and Mrs. F. S. Talcott, of the Penitentiary road, will depart for their homes the last of the week. They were honor guests at a dancing party given last evening by Miss Anne Atkinson at the Country club. Miss Talcott also entertained at a dancing party at the Country club last week and a number of other entertainments were given in their honor during their visit here.

WIDOW TO WED DUKE

MRS. PHILIP VAN VALKENBURG

Mrs. Van Valkenburg, known as the \$10,000,000 widow, noted American beauty, will make the Duke of Oporto brother to the late King Carlos of Portugal, her third husband. The Austrian Prince Wolff Metternich also sought her hand but lost. William Hays Chapman, her first husband, left her a fortune on his death in 1907. She was divorced from her second husband in 1914.

Hoskins-Hull Nuptials At St. George's Today

A wedding of interest was solemnized at St. George's Episcopal parish house this afternoon, when Miss Lois Hull of this city, but formerly of Atkinson, Kan., became the bride of Oliver Brooks Hoskins, only son of Mr. and Mrs. R. D. Hoskins of Fourth street. The service was read by Rev. George Buzzelle. They were unattended and only members of the Hoskins family and a few intimate friends attended.

The bride is well known in educational circles, having taught several successful terms in the county schools. The groom is a member of one of the oldest Bismarck families and is associated in business with his father.

Mr. Hoskins and his bride departed this afternoon for various lake points in Minnesota, where they will sojourn for the next seven weeks. They will reside in Bismarck.

Fargo Guests.

Mr. and Mrs. F. S. Talcott are entertaining as their guests Mr. and Mrs. Samuel Crabbe of Fargo. Mr. Crabbe arrived in the city last evening.

Church Society Meeting.

The Ladies Aid society of the Swedish Lutheran church will meet Thursday afternoon with Mrs. Carl Eliason at her home, 22 Avenue D. The meeting will be called at 3 o'clock.

At Green Lake.

Dr. Martin W. Roan of Avenue A has gone to Green Lake, Minn., where he will be joined by Mrs. Roan and daughter, Abigail, who have been spending the summer with Mrs. Roan's parents, Mr. and Mrs. R. D. Patterson of Chicago. They will be guests of Mr. and Mrs. C. W. Paulson of this city, who are sojourning at their summer cottage there.

To Conclude Visit Here.

Mrs. E. P. Quinn, Dr. Platt Dunn of this place and Cash Dunn and sister, Miss Ruth Dunn of Boise City, Idaho, who have been spending several days at the Quinn country home near Wilton, have returned. Cash Dunn and sister, who have been in the city several days, visiting their parents, Mr. and Mrs. J. P. Dunn of Third street, expect to leave for their western home tomorrow.

For Small Daughter.

Mrs. E. H. Weber entertained at a prettily appointed children's party this afternoon at her home in Fifth street, in honor of the eighth birthday anniversary of her daughter, Grace. The guests included eight girl and boy friends of the honor guest. Children's games furnished the amusements and a birthday luncheon was served. The table was centered with a large birthday cake ornamented with candles. Mrs. Weber was assisted by her sister, Miss Sylvia Sell of Steele, who is spending some time here as her guest.

PERSONAL NOTES

WEBB BROTHERS EXTENDING FLOOR SPACE FOR FURNITURE

Owing to the increase in the furniture business and in order to more adequately display the stock to better advantage, Webb Brothers are increasing the floor space on the second floor nearly double. The new room has been redecorated and will be ready for occupancy within a few days. The funeral parlors will also be enlarged and the room now used as for stock will be used exclusively for the holding of services. A special lighting system has also been installed.

CAN GRANT PASSES.

Washington Aug. 8. Railroads may grant passes to families of employees who have joined the army and navy and regarded by the railroads as absent on leave. A ruling to this effect has been made by the interstate commerce commission.

TO BE GRACEFUL IN BODY...

TAKE A LESSON FROM DOROTHY DICKSON SAYS IDAH M'CLONE GIBSON

Dorothy Dickson

Second of a series of articles analyzing famous beauties of America.

By IDAH M'CLONE GIBSON Daily Tribune's Beauty Expert and Author of "Confessions of a Wife."

"Dorothy Dickson has the delicately modest grace of the mid-Victorian period combined with the daring of 1917," said the man who had gone with me to the last edition of the Follies.

There is only one recipe for grace and that is the perfect me-

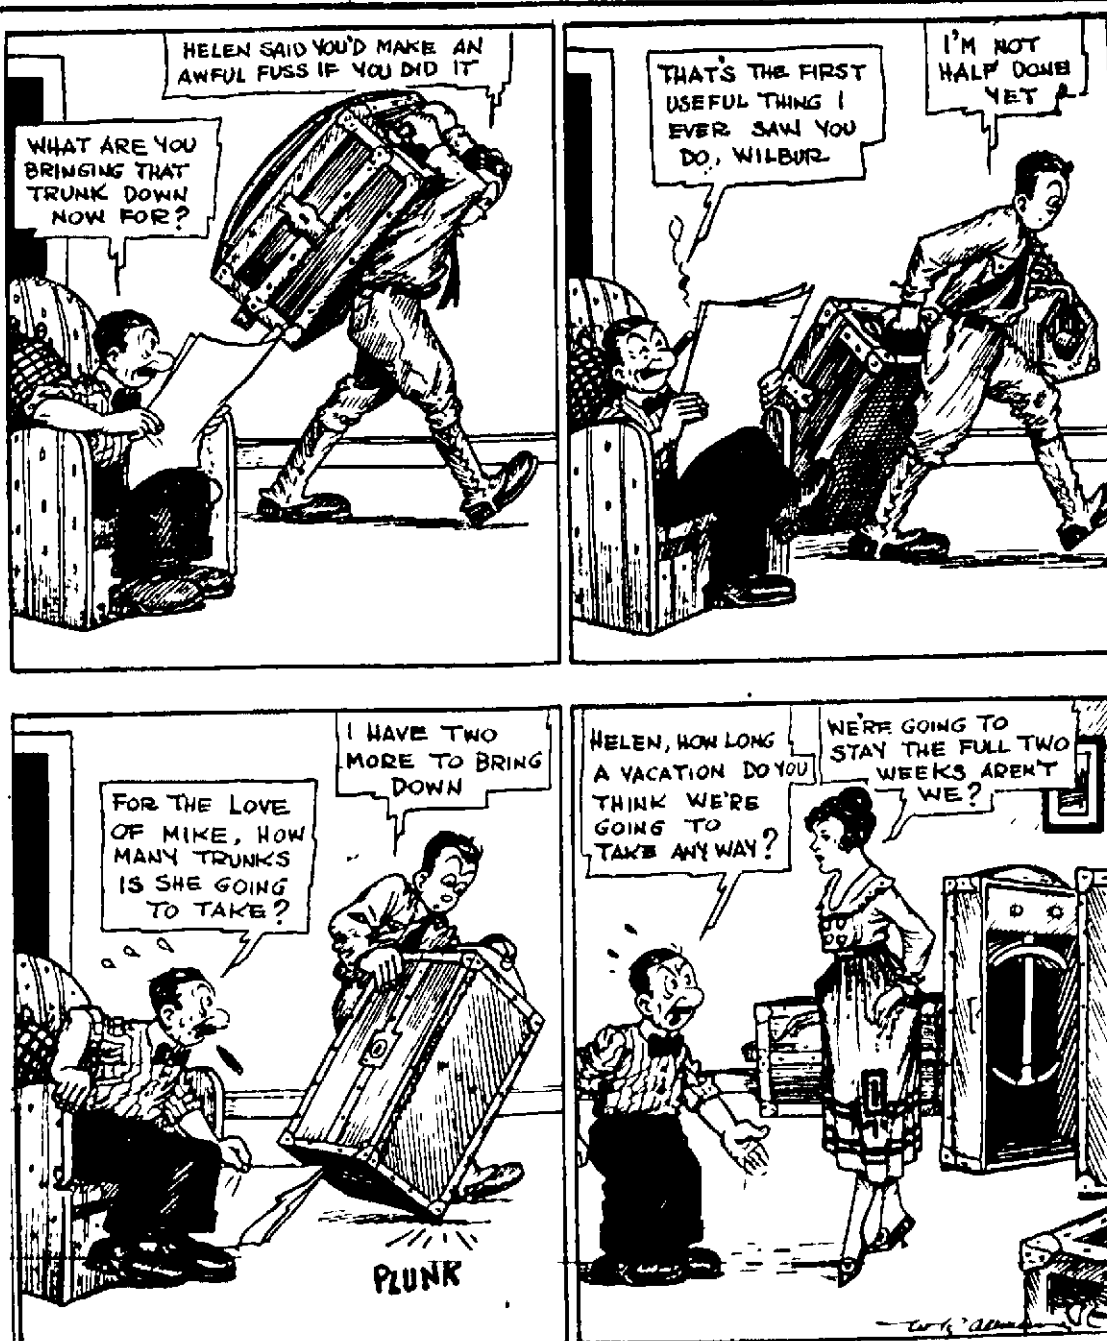

chanical rhythm of the body combined with perfect unconsciousness of self. To be graceful, one's joints must be flexible to a point of perfect poise.

One must gesture in a series of curves and one must have perfect control over every part of one's body. All this must be a matter of habit and unconsciousness.

There is nothing like dancing to promote grace as the rhythmic motions of the body to music usually produce such pleasure one forgets one's self.

Mother Identifies Remains of Son

Dr. Florence E. Richardson, professor of psychology in Drake university, Des Moines, Ia., has received a year's leave of absence and has gone to Scott's Bluff, Neb., where she is helping her mother in managing a large sheep ranch.

Although this woman educator will have a number of men helpers, she will be in direct control of the management of 1,500 acres of grazing land and nearly 5,000 sheep. The handling of the flock and the marketing of the product will be controlled by her. Dr. Richardson has a national reputation as a psychologist and is the only woman head of a department in an American university. She holds degrees from several institutions, and was the youngest woman to ever receive a doctorate from the University of Chicago.

Portugal Has Labor Troubles

An Atlantic Port, Aug. 8.—A description of a labor upheaval in Lisbon, Portugal, on July 14, only briefly hinted at previously in cable dispatches, which seemed to threaten a revolution, has resulted in suspension of constitutional guarantees, was brought here today by Gilbert Robinson, a representative of a shipping firm, who arrived from Europe today. He said troops were called out and when a number of them were killed by bombs, they charged the crowd, killing 55 civilians, and arresting 1,500. This broke up the uprising. Mr. Robinson said the trouble was precipitated by the demand of all classes of workmen for a 70 per cent wage increase. The government refused to allow enforcement of their demands.

BISMARCK WINS STATE CHAMPIONSHIP

CAPITAL CITY TEAM CAPTURES DOUBLE HEADER

Goldrick and Grant Pitch Air-tight Ball at Jamestown Yesterday

NEW ROCKFORD REFUSES TO PLAY OFF SERIES HERE

Admits Team Must Be Strengthened Before It Can Meet

Bismarck Again

By taking a doubleheader at Jamestown yesterday, Bismarck has a clear title to the state baseball championship. In a series of 13 games, Bismarck defeated New Rockford six times, lost five games and tied two. The first game yesterday was won by a 2 to 0 score. Goldrick and Ellis formed the battery and only three hits were secured from "Giddle," while Waswo was touched up for eight hits. The evening game was also close, the score being 2 to 4, with Grant and Ellis the battery for Bismarck, and Waswo, Browning and Moore for New Rockford.

Bismarck has won its last few games with the Eddy county team chiefly on superior stick work. The boys hit when hits meant runs. New Rockford recognized Bismarck's claim to the championship by declining to play a series of five games at Bismarck next week. The local management offered to put up a certified check for \$400 to guarantee expenses and split the gate receipts fifty fifty.

The New Rockford management stated that their pitchers were about "all in," and that it would be necessary to get a new pitching staff and strengthen the team in several departments, and that the expense of this would more than eat up the gate receipts here.

After parrying over a series in Bismarck and failing to come to any agreement, the New Rockford team disbanded at Jamestown yesterday. The Bismarck team came home and a game may be arranged for Sunday to wind up the season.

At Essenden the fair management split the \$500 purse fifty, fifty, recognizing that the Bismarck team did not get a square deal in the umpiring. The game New Rockford claimed was

declared a 4 to 4 tie by the fair management.

Within the last two or three weeks Bismarck has been putting up a stellar game and the management and players are being complimented by the fans.

It was a joyful home-coming today for the team.

CHAMPS AGAIN SHUT OUT NEW ROCKFORD CREW

Jamestown Fans Treated to Another Good Game—Bismarck Now in Lead

Jamestown, N. D., Aug. 8.—Scoring one run in the first inning and repeating in the second frame the Bismarck Champs again shut out the New Rockford aggregation here yesterday afternoon by a score of 2 to 0. Both teams again played faultless ball, but New Rockford lacked the punch to score at opportune moments.

Goldrick hurled an excellent game for the Bismarck contingent, exhibiting wonderful control at all times and being especially effective in the pinches.

Waswo, the New Rockford mound artist, twirled nice ball, but Bismarck clouters connected when hits meant runs. Both pitchers were given excellent support.

The score: R. New Rockford 000 000 000—0. Bismarck 110 000 000—2. Batteries—Waswo and Moore; Goldrick and Ellis.

BUREAU TO PASS UPON EXEMPTIONS

Government Has Strict System of Passing on All Claims Presented

By GILSON GARDNER.

Washington, D. C., Aug. 8.—A parade of interrogation points terminates at the office of Major Gullion, down in the old land office building. The major has been made official interpreter of the draft law—so far as the public is concerned. He is the one man in Washington from whom an inquirer can get yes or no, answered "right off the bat."

For instance, enters the private secretary of United States Senator Smoot, Mamm, and one of the 12 apostles.

"Is a Mormon missionary engaged in carrying the gospel of Mormonism away from his native town, subject to the draft law? Is he a minister of the gospel within the meaning of the law? And he claim exemption where he is or where his home used to be?"

Another Mormon question: "The secretary of Senator Smoot is drafted of an affidavit approved not only by the immediate superior officer and by the head of the government department, the postmaster general in this case, or somebody designated by him to make such approval. The assumption is that you want to go and fight for your country, and that some one

The next inquirer is a messenger

in the war department, and the answer to the messenger is the same. If Secretary Baker will approve an affidavit, saying no one else can be as good a messenger, then this messenger will be excused.

Enter John Smith demanding to know: "My wife worked before we were married; she is not working now and is dependent on me for support. Can I claim exemption on this ground, or must I consider the fact that my wife can go to work again and earn her living?"

A man from Porto Rico says: "I have a dependent wife and child; but how am I to get an affidavit from a neighbor when my neighbor lives in Porto Rico and it will take weeks to get mails back and forth?"

Answer: "Get your local board to extend the time for an appeal from their decision."

Enter a man with a smile: "The local board exempts me on the ground that I must support my wife and child. Am I now free to make my plans for the next year?"

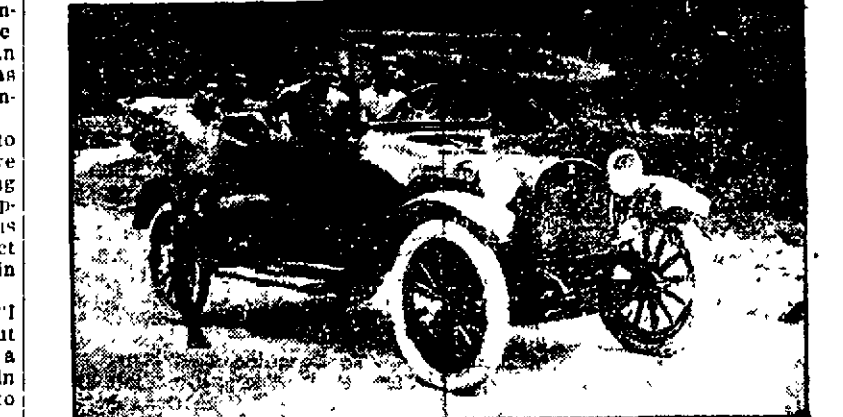

Answer: "No, every case where the local board excuses a man because of dependent relatives is appealed by the government to the district board. These appeals may be merely formal and never prosecuted, or they may be prosecuted."

The smile fades. Enter a letter carrier: "I suppose there is no doubt that I get off on account of being in the government service, in a necessary branch of the service?"

"Not at all," says Major Gullion. "If you get off it will be on the basis of an affidavit approved not only by your immediate superior officer and by the head of the government department, the postmaster general in this case, or somebody designated by him to make such approval. The assumption is that you want to go and fight for your country, and that some one

else can be found to carry your bag or sort your grist."

That is the way it goes all day long. The major is not really supposed to interpret the law at all. He is just designated to furnish casual information to governors, 150 local boards,

CONTRAST EMPHASIZES PROGRESS OF MOTOR CAR

Within the last few years the motor car has taken its way into many strange lands and climes where this mode of transportation was unknown before. The accompanying photograph, for instance, is typical of the incongruities encountered by a Detroit man on a recent trip which took him over 25,000 miles of land and water. It is a group of Igorots in Baguio, 175 miles from Manila, Philippine islands. The Igorot Chief, despite the fact that his negative attitude would indicate a lack of familiarity with all things modern

grasps the wheel with a confidence that suggests expert driving. The picture was obtained by E. G. Williams, traveling district representative for Dodge Brothers. Other interesting views he brought back show that Dodge Brothers' motor cars are numerous throughout the Philippines, as well as in more remote sections of the globe. Mr. Williams has been on water almost continually for a year, but reports that he did not once encounter a submarine and only on one occasion came within sight of a German raider. This occurred off the coast of Colombia. He regards the business outlook as generally good, despite the war.

and 620 federal boards, and, incidentally, to take care of the newspaper men who may want to know things. Gullion has already earned a promotion from captain to major, and if he survives he will be a general in a few weeks.

For All the Shooting Sports---

Remington UMC

Few sportsmen nowadays judge a day's sport merely by the size of the bag they bring home with them.

Yet a man's object in shooting is to hit what he aims at.

There's nothing like the thrill of cutting down a fast bird; of getting the clay that sails out at an unexpected angle; of scoring a "possible" when the light is bad, and mirage makes the bull's-eye swim almost out of sight.

As a sportsman, you are willing to take chances with natural conditions—but you want to be sure of your shooting equipment.

Whether a Shotgun, a Big Game Rifle, or the smallest .22 for the boy—it is the Remington make you want.

And in ammunition, whether Shot Shells or Metallic Cartridges, it is worth finding the Red Ball Mark of Remington UMC on the box for the sake of the better results that Remington UMC will give you.

Syrian's Readybail Family Proves to Be Iowa Man's Property

Steele, N. D., Aug. 8.—Ahmed Alley, a Syrian, and Mrs. Cora Mosley, whom he spirited away from her husband in Iowa, were captured at Pottsville and returned to Iowa to stand trial.

Mrs. Mosley, who is an American, was accompanied by two little daughters, aged nine and 11. She and Alley had been living as man and wife at Pottsville for some time.

MAY VOTE ON FOOD MEASURE NEXT FRIDAY

Senator Gronna Raps Assistants
Chosen by Herbert C. Hoover
to Assist Him
SAYS THEY BELONG TO
CLASS ROBBING FARMERS

FOOD BILL PASSES.
Washington, D. C., Aug. 8.—The food bill passed through the final legislative stage today, when it was finally adopted by the senate. It now goes to President Wilson. Senator Gronna was among the seven voting against the bill.

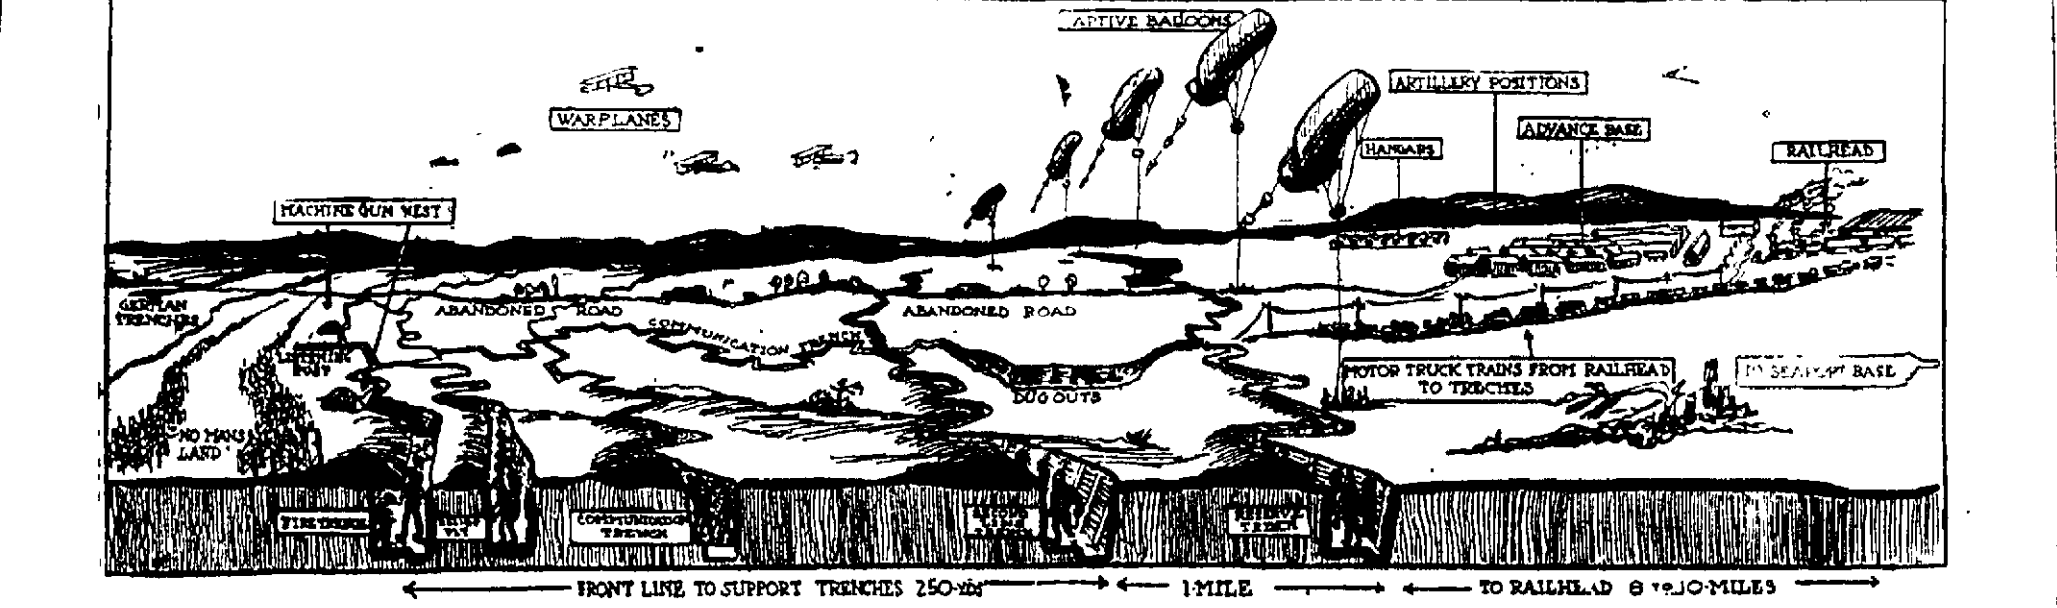

Washington, Aug. 8.—After another day's debate on the administration food control bill, the senate late today reached a formal agreement by unanimous consent to vote finally to report on the bill at the conference report, which was approved by the house last week.

Both advocates and opponents of the legislation said today there was no doubt of the senate's approval of the conference report.
The measure will be sent to President Wilson for his signature Friday. But few speeches are expected in the senate tomorrow before the vote immediately after its disposition it is planned to adopt the conference report on the first administration food bill, providing a food survey and appropriations to stimulate production. Little opposition is expected.

Urges Co-operation.
The principal speech of yesterday was made by Senator Wadsworth, who said the good things in the bill outnumbered the bad ones, but protested against elimination of the provision for a congressional committee to supervise war expenditures and predicted that the \$2 maximum wheat price provision might not operate as its proponents believed. He urged co-operation between the legislative and administrative branches of the government and a greater degree of publicity of the conduct of the war. The New York senator denounced the delay in the enactment of the first food bill as a breaking of faith by the government with the people.
Deploping what he termed the "present atmosphere of criticism" that prevailed in congress, and throughout the country, Senator Wadsworth declared that it was due to the fact that "congress is in the dark regarding how the \$1,000,000,000 or \$17,000,000,000 are to be spent," in connection with the war.

CHANGING CREWS IN THE TRENCHES! IT'S TICKLISH TIME WHEN SAMMIES TAKE OVER THEIR SECTOR IN DEAD OF NIGHT

Battle Will Go On Uninterruptedly While Poilus Move Out and Pershing's Men Move In—Before a Truck Moves the Last Private Will Know His Place

Put yourself in Pershing's place! Study this map carefully, and determine how you would take over this section of French front without letting the Germans know a man had moved out of his trenches.

By The Tribune's Military Expert.
One of the most delicate operations of the war will be performed when the American army takes over a sector of the French front. It will be like changing a train crew when a new engine is attached, and the next "leg" commenced.
While Pershing's men are moving in and the French moving out, the battle will go on uninterruptedly. The Germans must be kept in

ignorance. Therefore the American occupation will be piecemeal and at night. It will take many nights.
The necessary preliminary work is already begun. General Pershing has inspected the future "American front," studying the terrain on what will be his firing line. Before a man, horse, gun, wagon, or truck moves toward that line, the separate and distinct place of every man in the American force, down to the last private, will have been arranged.

Staff officers have begun the intensive study of (1) labor and working methods; (2) water supply; (3) feeding arrangements; (4) field kitchens; (5) quartermasters' stores; (6) artillery positions, as the French have developed these services on the front. General Sibert and his staff have been witnessing technical maneuvering demonstrations by picked French troops to teach the Americans.
Other officers have entered the French and British military

schools for intensive training. The troops in camp are working on intensive bayonet, hand grenade, trench mortar, and machine-gun practice.

When this work is done the Americans will be ready to move forward into the assigned sector. Up to a few hours before the fact will not be known to the men in the ranks. The commanders of the larger units will have been taken forward into the trenches and will have familiarized themselves with their sectors. The busy engineers corps will have turned out hundreds of blueprints, showing every square inch of the underground passages and trenches—all the complicated sub-

terranean network that constitutes the "front."

Before a man moves, the staff and commanding officers will have studied actual models, built to scale, of their whole trench sys-

Public in Dark.
"Not only is congress in the dark regarding the expenditures, but the public is in the dark," he said. "It is an impossible condition upon which to wage war. This is the people's war. It is not a government war. But it cannot be a people's war unless the people are taken into confidence regarding expenditures."

Public in Dark.
Senator Gronna of North Dakota charged that the very men whom the farmers charged with manipulating prices of grain are the ones appointed by Mr. Hoover to administer the law.

ever since the days of her usual course of children's diseases—which is not so far distant but what the association of apple sauce and illness is still very poignant in her mind. So after a futile struggle to train her beautiful features to register unalloyed bliss during the resumption of the six weeks required for the making of the production, Miss Huff finally went to Director Robert G. Vinola and told him that she would rather play Lola, the Baby Talk lady, than strangle over apple sauce. So Miss Huff abandoned Jane to the tender mercies of someone with a taste for apple sauce and proceeded to play Lola.

Tribune want ads bring results.

Announcement of a definite policy respecting war purchases and prices probably will be made soon. War profits will be kept to a minimum and if producers and manufacturers evince any great unwillingness to supply the country's war needs at reasonable prices, the government's power to commandeer materials will be invoked.

The biggest problem of the subject of war prices is protection for the general public. Although the proposal is meeting determined opposition, the administration intends that the Allies shall share with this government in reduced costs for supplies. This is easy of accomplishment, since the American government, if negotiations with producers fail to produce the desired results, can go into the market and itself buy for its associates.

Consumers May Suffer.
It is realized, however, that heavy government purchases will tend to raise prices to private consumers and this presents an obstacle that is causing considerable concern. The administration desires to keep prices generally down without resort to legislation.

The war board will meet again tomorrow and probably will make known a buying policy so far as questions of priority and procedure are concerned. The present plan is to consolidate American and allied government war purchases through the central purchasing committee, which is a part of the war board.

Probe Proceeds Slowly.
Trade commission officials admit their investigation of production costs is proceeding slowly. This is due, it is said, to the fact that a great burden of work has been thrown on the commission, for which it is poorly prepared. Before the war was declared, the commission's efforts were directed largely toward protecting the public against unfair trade practices and when the commission was directed to inquire into the cost of producing some of the chief commodities needed for war, it found itself swamped with work.

Although charged only with investigation of costs, it is entirely likely the commission will make suggestions as to what it considers fair prices for materials and that the war board will follow closely its recommendations.

APPLE SAUCE AND SEVENTEEN.
Those who have the pleasure of witnessing the delightful performances of Louise Huff on the screen of the Bismarck theatre tonight in the Famous Players-Paramount adaptation of Booth Tarkington's celebrated novel, "Seventeen," will never know what mental agonies were endured by her before the picture was actually placed in production. When the screen rights to the celebrated story were first obtained by the producers it was intended that Miss Huff and Jack Pickford co-star, the one as Jane and the other as William Sylvanus Baxter.

But Jane's greatest claim to fame lies in her boundless capacity for apple sauce, sugar and bread. Now it so happens that Miss Huff has been a consistent hater of apple sauce

tem. In addition, the men at their training camp will actually dig replicas of difficult bits of trench front.

THEN will come the actual "taking over." Pershing and staff will move into headquarters beside the French commander he is to replace. Next, like the tendrils of a vine rooted at headquarters, the advance base camps and finally the front line trenches, will be successively occupied. Each night a new olive-drab "feeler" will thrust forward and curl itself around a new vantage point. And the French personnel replaced will be busy teaching the men come to relieve them.

Under the French signs such as "Rue de Rivoli," at some plank-bottomed mud-hole, American Sammies will put up boards marked, say, "Broadway and 42nd street." Where the Poilu's sign "Attention!" warns of danger from Boche bullets some former subway guard will tack up a familiar, "Watch Your step!"

This relieving operation will be the last step in the process which started when the regiments on the Mexican border were ordered to concentrate for transport abroad.

When an engineer and fireman go aboard a locomotive to relieve the off-coming crew, they know their engine as well as the relieved crew. When the Americans go into the French trenches, every member of the new "crew" will be able to take over the job of some Poilu and know what to do with it. That is the essence of "taking over."
